Bookstagram

1. What is Bookstagram?

Bookstagram is an AI-powered social platform that lets users create, publish, and discover eBooks. It combines powerful AI writing tools with an Instagram-style social feed, making storytelling collaborative, visual, and fun for everyone.

AI Book Creation	Write full books with AI-generated outlines, chapter content, and cover images
AI Stories	Create Instagram-style stories with AI-generated images and avatars
Social Feed	Follow authors, like books, and discover new content in your feed
Search	Search for users and books instantly with live search
AI Avatar	Upload your photo and generate a stylized cartoon avatar
Export	Export your eBook as PDF or Word document in one click

[Table 1: Features of Bookstagram]

2. Getting Started

2.1 Browse Landing Page

1. The first page is Bookstagram's Landing page
2. In this page, there are 3 main sections: Hero section, Feature section, Testimonial.
3. Hero section: Include brief bookstagram description, Navigation links: features, testimonials, 3 button: Login, Start creating for free, Get started.
4. Feature section: Describes bookstagram features.
5. Testimonials: Shows our top users reviews.

Bookstagram

6. Footer: Shows some navigation links.

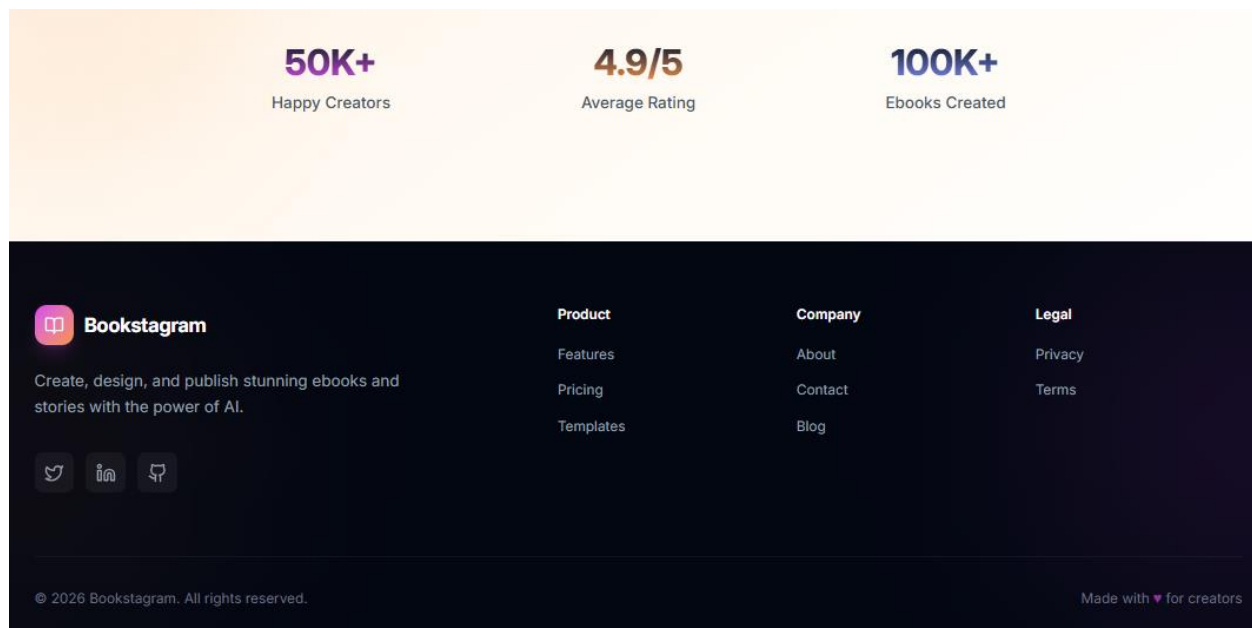

Figure 4: Landing Page - Footer

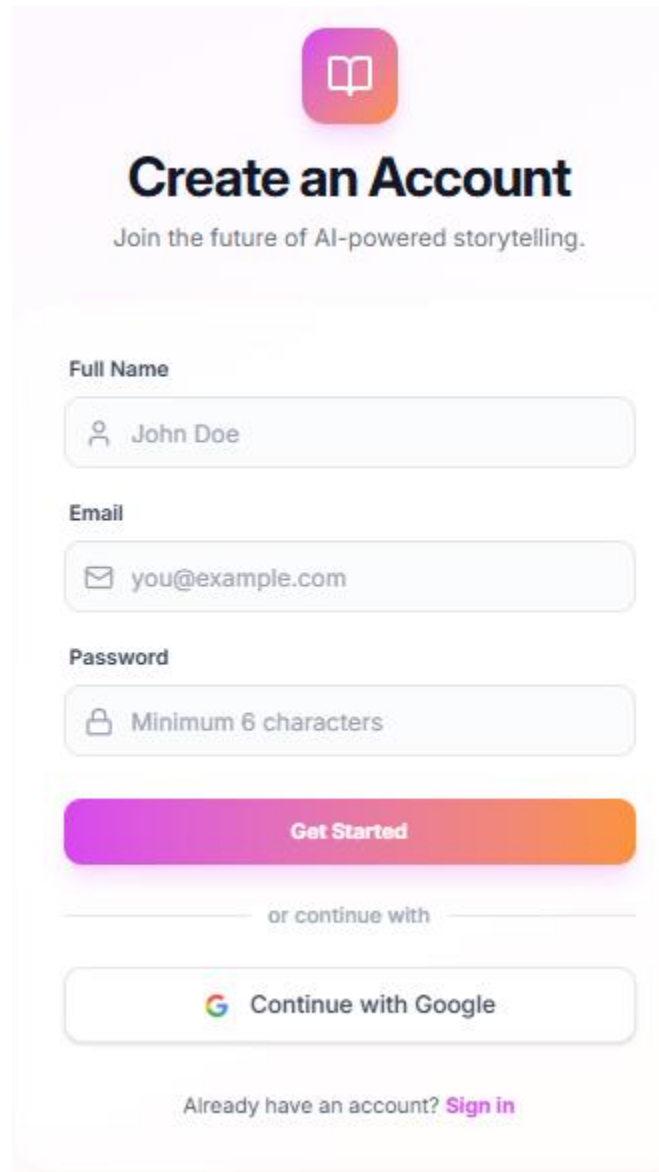

2.2 Creating an Account

To use Bookstagram, you need to register for a free account.

7. Open your browser and go to Landing page
8. Click the Get Started button on the landing page
9. Enter your full name, email address, and a password (min 6 characters) or tap continue with Google

Bookstagram

10. Click Register

The image shows a mobile app sign-up screen for 'Bookstagram'. At the top is a logo consisting of an open book icon inside a rounded square with a purple-to-orange gradient. Below the logo, the text 'Create an Account' is displayed in a large, bold, black font. Underneath this, a tagline reads 'Join the future of AI-powered storytelling.' in a smaller, grey font. The form contains three input fields: 'Full Name' with a person icon and the text 'John Doe', 'Email' with an envelope icon and the text 'you@example.com', and 'Password' with a lock icon and the text 'Minimum 6 characters'. Below these fields is a large, rounded button with a purple-to-orange gradient and the text 'Get Started'. Underneath the button is a horizontal line with the text 'or continue with' in the center. Below this line is a button with the Google logo and the text 'Continue with Google'. At the bottom of the form, there is a link that says 'Already have an account? Sign in'.

Figure 6: Log in Page

3. Navigating the Dashboard

After logging in, you will see the main dashboard. It has 3 main sections:

14. **Left Sidebar:** Navigation links: Home, Explore, Threads, Messages, Profile, Settings
15. **Center Feed:** Books and stories posted by people you follow and search bar.
16. **Right Panel:** Suggested people to follow and trending books

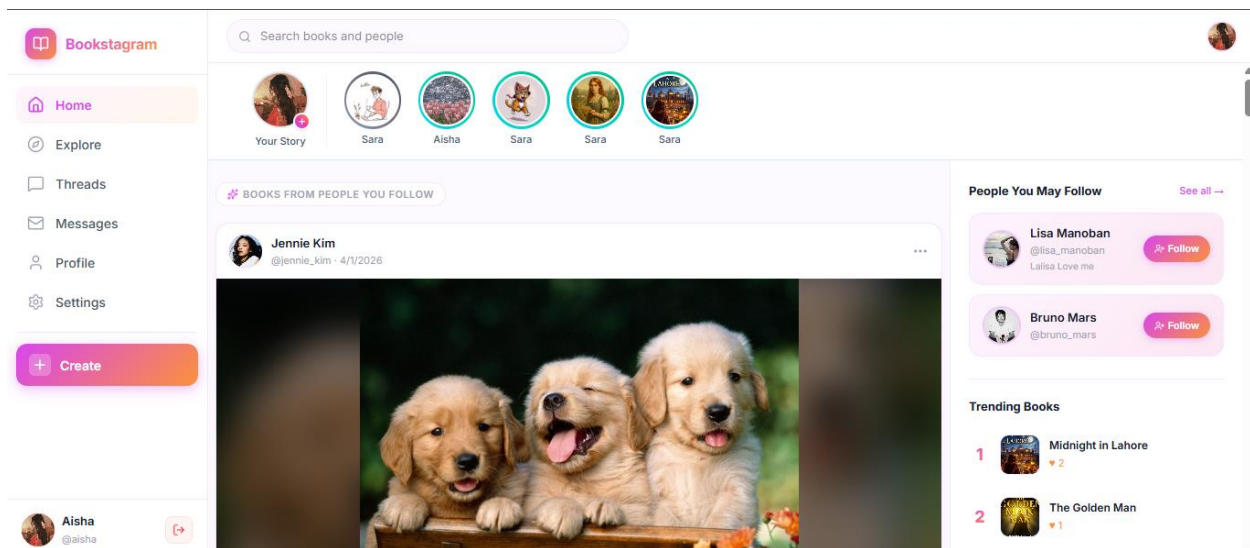

Figure 7: Dashboard Page

4. Creating an eBook

4.1 Start a New Book

17. Click the Create button in the left sidebar
18. A modal will appear; enter your Book Title, and optionally a Topic
19. Choose the number of chapters and writing style.
20. Click Generate Outline: AI will create chapter titles and descriptions
21. Click Create Book: You will be taken to the Book Edito

Bookstagram

The image displays two side-by-side screenshots of the 'Create New eBook' modal in the Bookstagram application. Both modals feature a progress bar at the top with steps 1 and 2. The left modal shows the 'Book Title' field with a placeholder 'Enter your book title...', the 'Number of Chapters' field set to 5, the 'Topic (Optional)' field with a placeholder 'Specific topic for AI generation...', and the 'Writing Style' dropdown set to 'Informative'. The right modal shows the same fields, but the 'Topic (Optional)' dropdown is open, showing a list of options: 'Informative' (highlighted in blue), 'Storytelling', 'Casual', 'Professional', and 'Humorous'. Both modals have a 'Generate Outline with AI' button at the bottom.

Figure 8: eBook Creation Modal

4.2 Writing Chapter Content

In the Book Editor, you have three writing modes:

22. **Write Yourself** - Type your own content in the editor
23. **Full AI Generation** - AI writes the entire chapter for you
24. **Half Human + Half AI** - Write a few lines then AI completes the rest

Click on Preview button to see the chapter content and images

Click on generate content image button to generate colorful illustrations from the chapter's content.

Bookstagram

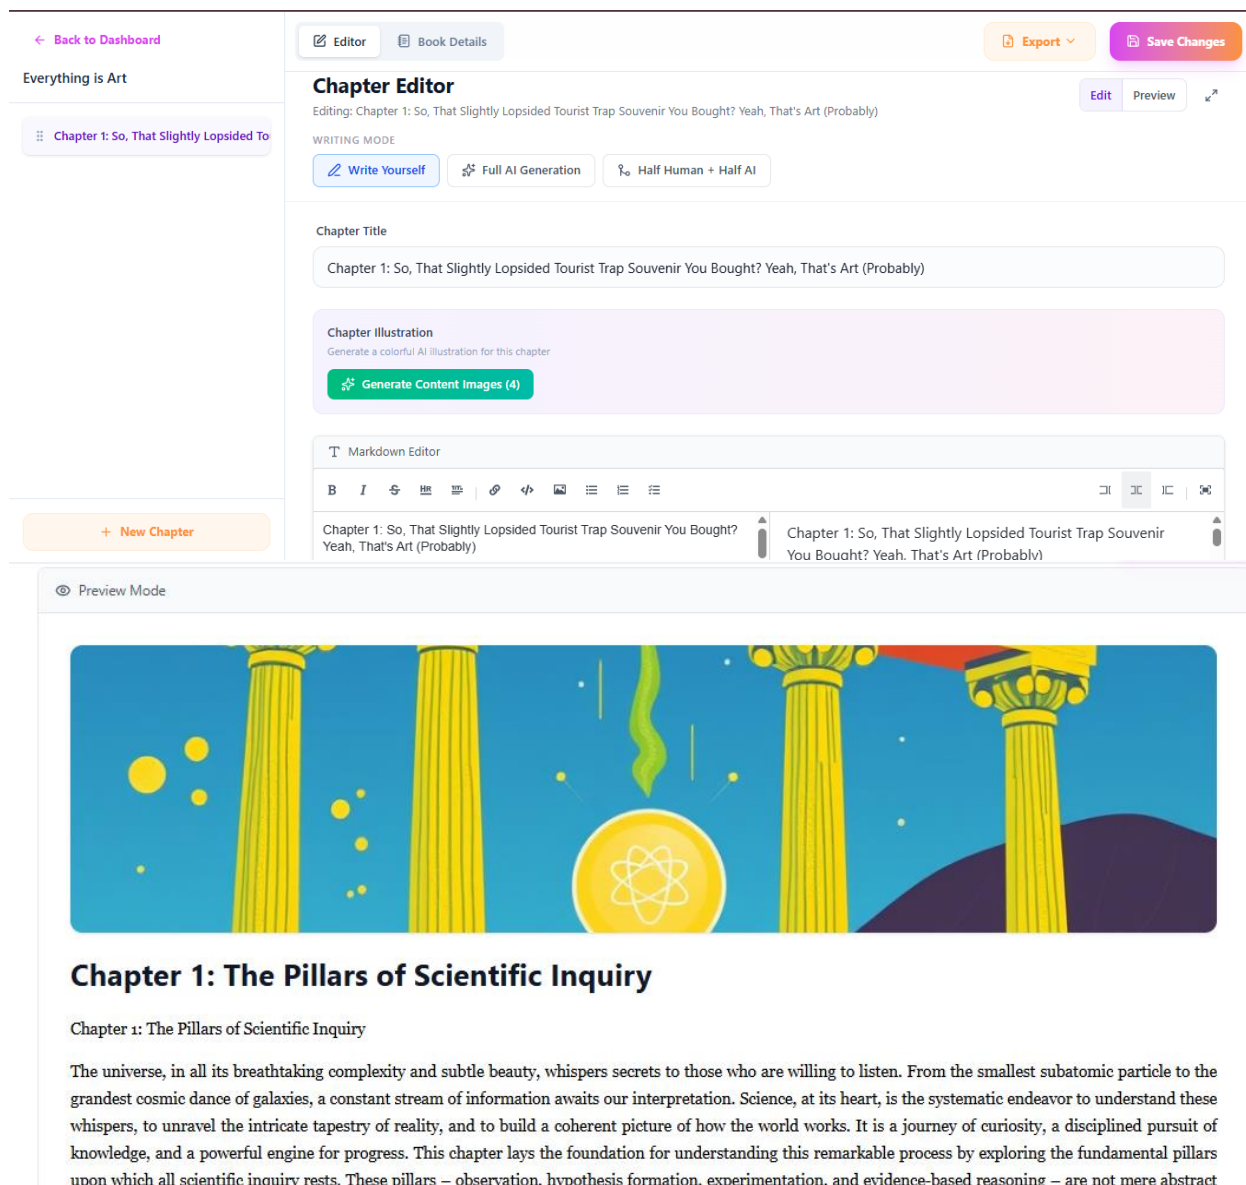

Figure 9: eBook Editor Page

4.3 Uploading a Cover Image

25. Click the Book Details tab at the top of the editor
26. Scroll down to the Cover Image section
27. Click Upload Image and select an image from your computer or Click Generate AI Cover
28. The cover will be saved automatically to Cloud Storage.

Bookstagram

The screenshot shows the 'Book Details' page. At the top, there are two tabs: 'Editor' and 'Book Details', with 'Book Details' being the active tab. To the right of the tabs are two buttons: 'Export' (orange) and 'Save Changes' (purple). The main content area is divided into two sections. The first section, titled 'Book Details', contains three input fields: 'Title' (with the text 'Mahabharat'), 'Author' (with the text 'Aisha'), and 'Subtitle' (which is empty). The second section, titled 'Cover Image', features a placeholder image of a person in a dramatic pose. To the right of the image, there is a text prompt: 'Upload a new cover image. Recommended size: 600x800px.' Below this prompt are two buttons: 'Upload Your Cover' (orange) and 'Generate AI Cover' (purple).

Figure 10: Book Details Page

4.4 Exporting Your Book

29. Click the Export button in the top right of the editor
30. Choose Export as PDF or Export as Document (.docx)
31. The file will download automatically to your computer

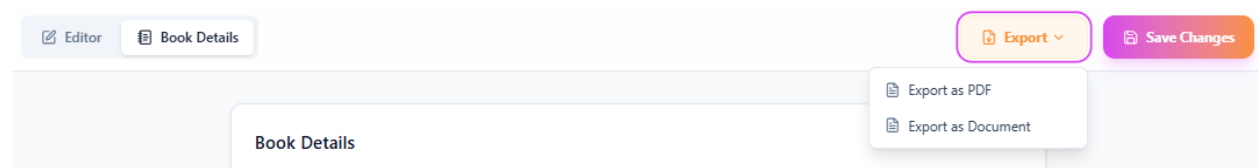

Figure 11: Export a Book

5. Social Features

5.1 Following Other Users

32. Go to the Explore page from the sidebar on dashboard page.
33. Click on any book to view it, or click on the author's name to visit their profile
34. On their profile, click the Follow button
35. Their books will now appear in your Home Feed

Bookstagram

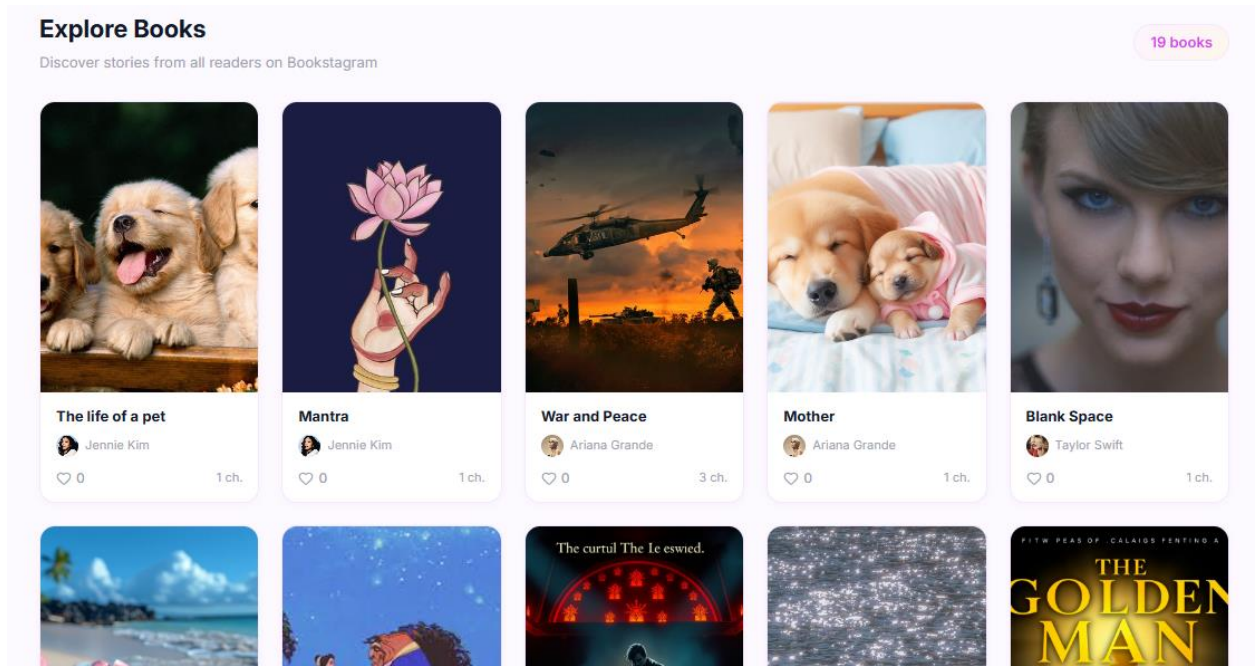

Figure 12: Explore Books Page

Bookstagram

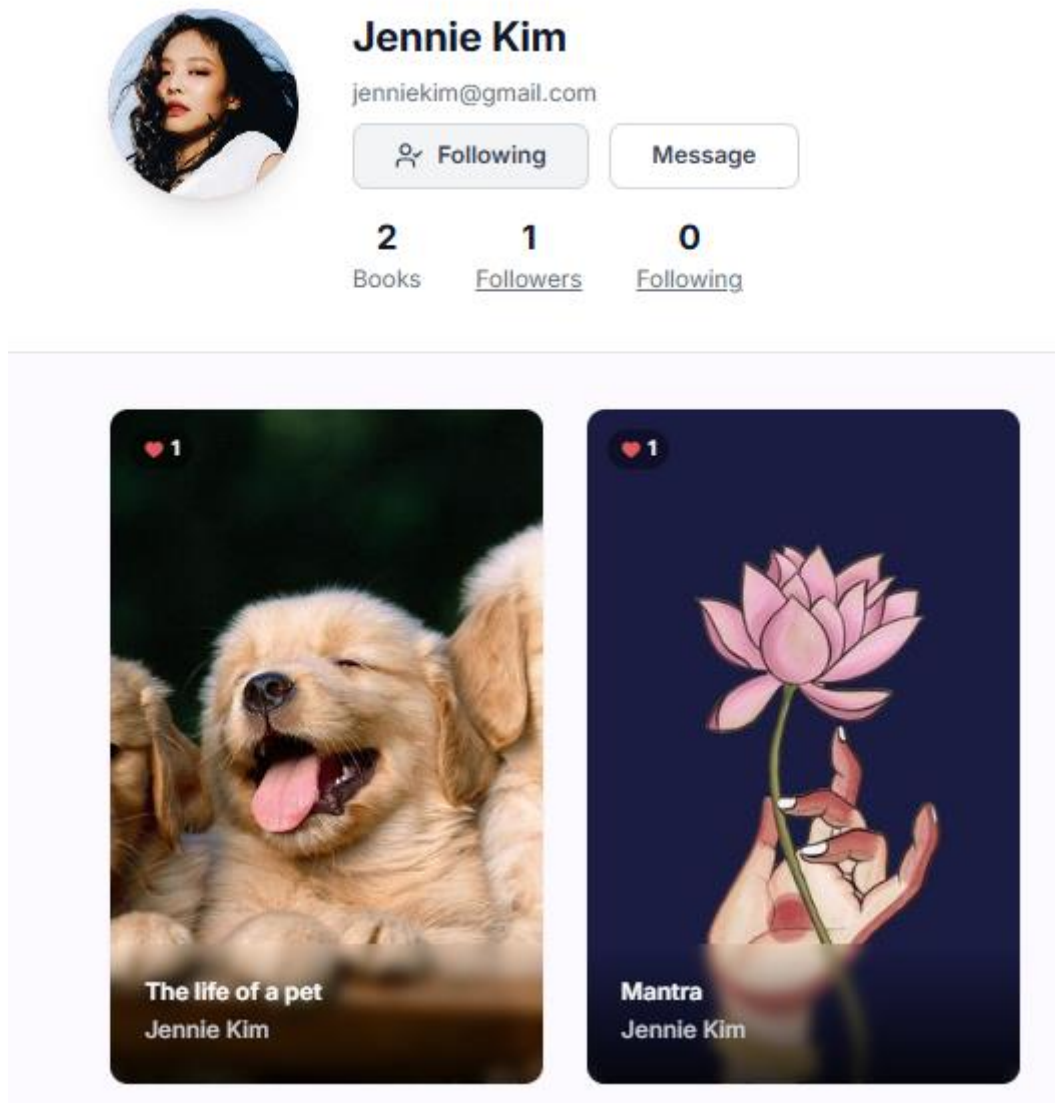

Figure 13: Follow User's Profile

5.2 Viewing Followers and Following

36. Go to your Profile page from the sidebar
37. Click on the Followers or Following count
38. A modal will appear showing the list of users with their avatars
39. Click on any user to visit their profile

Bookstagram

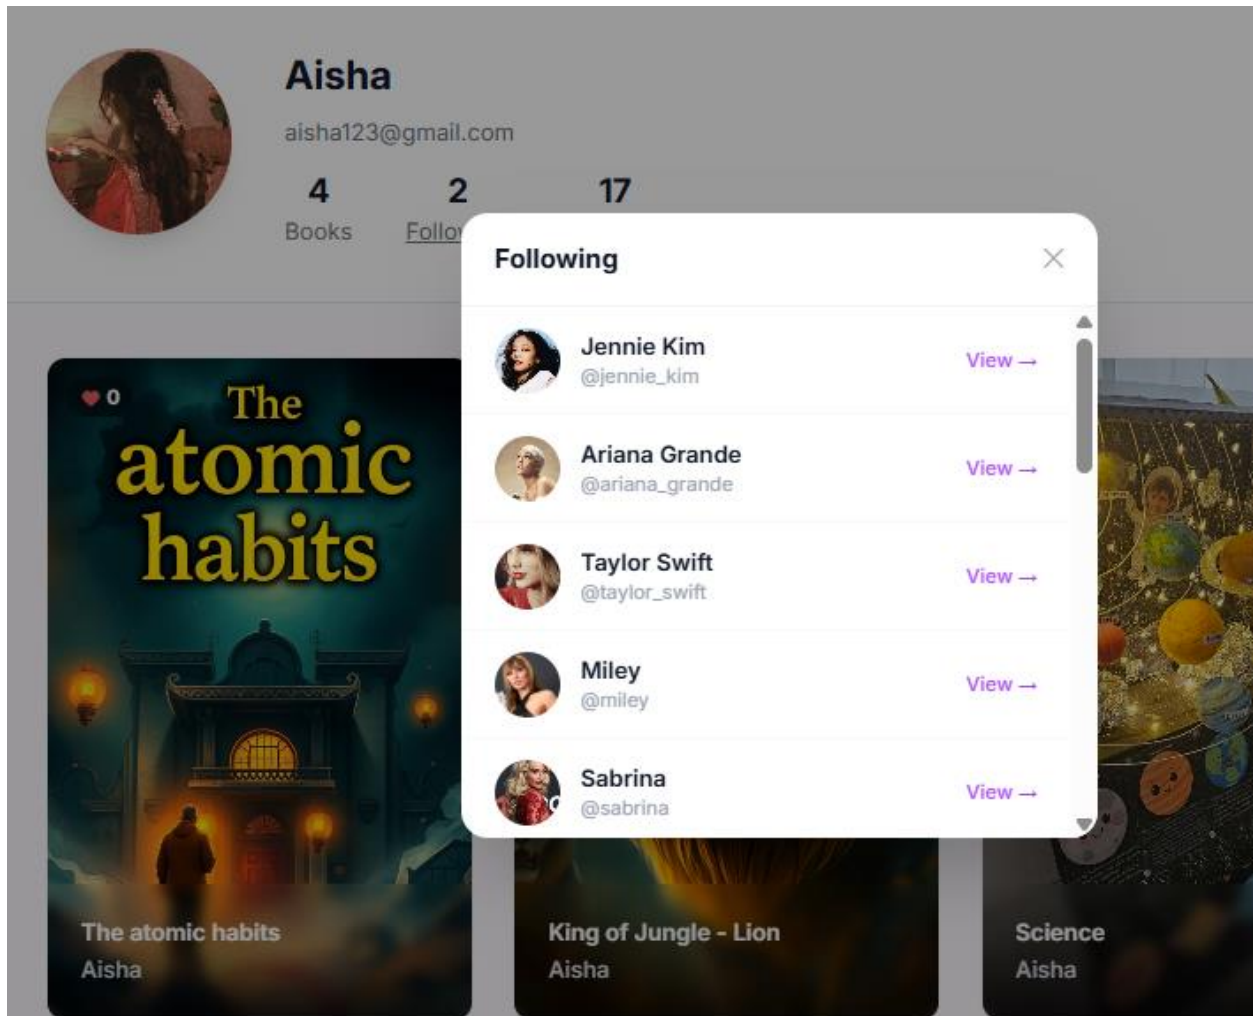

Figure 14: Profile Page

5.3 Liking Books

You can like books from the Explore page, the Home Feed, or from any user's profile.

40. Click the Heart icon on any book card
41. The like count will update instantly
42. Click again to unlike

Bookstagram

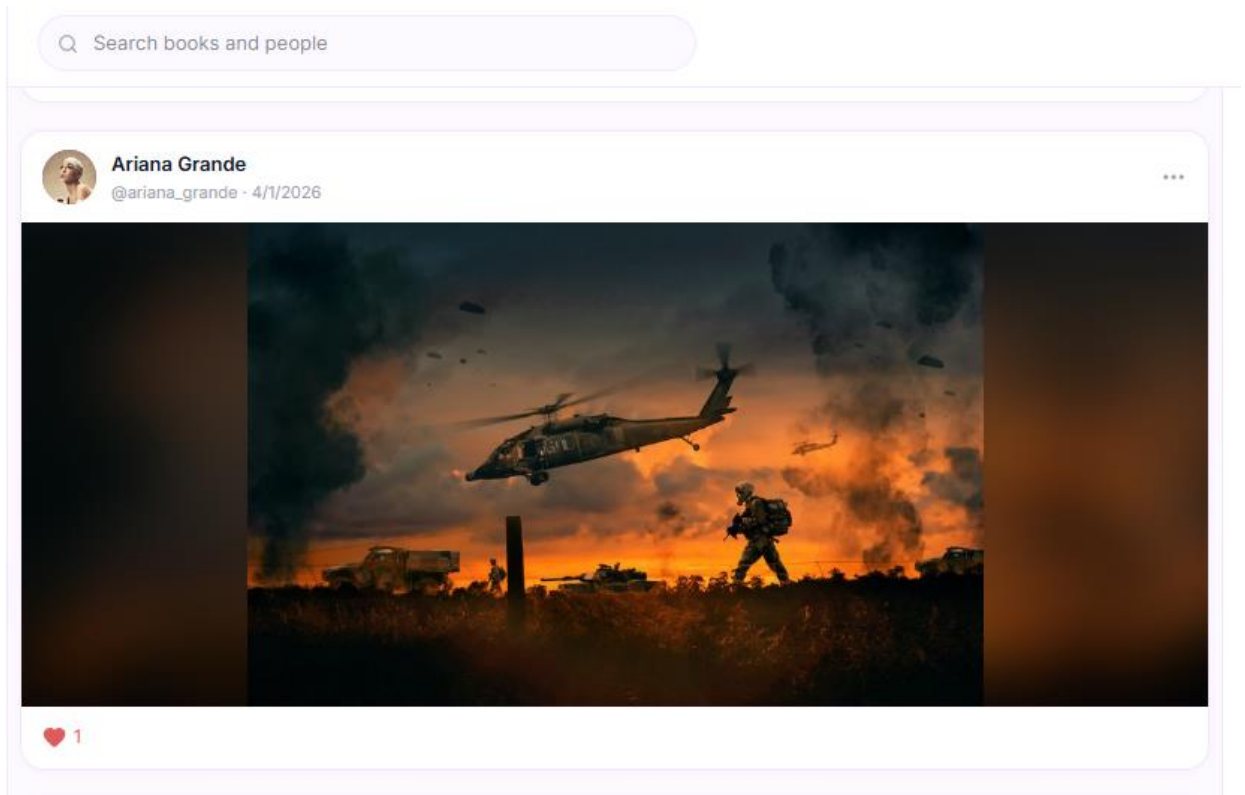

Figure 15: Like Books

5.4 Searching for Users and Books

43. Click the search bar at the top of the page
44. Start typing a user name or book title
45. A dropdown will appear with matching results
46. Click on a user to visit their profile, or a book to read it

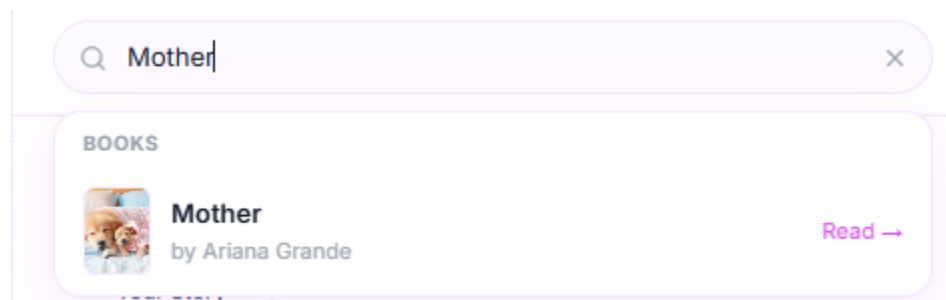

Figure 16: Search Bar - Book

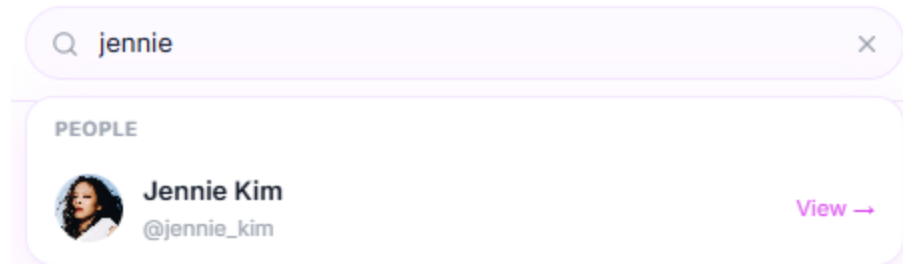

Figure 17: Search Bar - People

6. Creating AI Stories

6.1 From Prompt - Generate a Story Image

47. Click the + button next to Your Story in the stories strip at the top on Dashboard Page
48. The Create Story modal will open and stay on the From Prompt tab
49. Type your creative prompt (e.g. A cat wearing a wizard hat)
50. Choose your art style: Cartoon, Sketch, Storyboard, or Colorful
51. Click Generate Story; the AI will create your image
52. Click Save Story; it will appear in the stories strip

Bookstagram

The screenshot shows the 'Create New Story' modal in the Bookstagram app. At the top, there's a title bar with 'Create New Story' and a close button (X). Below this are three tabs: 'From Prompt' (which is selected and highlighted with a light blue background), 'AI Avatar', and 'Upload'. Under the 'From Prompt' tab, there's a text input field labeled 'Your Prompt' containing the placeholder text 'e.g. A cat wearing a wizard hat...'. Below the prompt field, there's a section labeled 'Art Style' with four buttons: 'Cartoon' (highlighted with a pink background), 'Sketch', 'Storyboard', and 'Colorful'. At the bottom of the modal is a large, rounded rectangular button with a purple-to-orange gradient, labeled 'Generate Story' with a small star icon.

Figure 18: Generate Story – From prompt

6.2 AI Avatar- Generate Your Own Avatar

53. Click the + button next to Your Story
54. Click the AI Avatar tab
55. Click Upload Your Photo and select a clear photo of yourself
56. Choose your avatar style: Cartoon, Sketch, Storyboard, or Colorful
57. Click Generate Avatar and Gemini AI will analyze your photo and create a stylized avatar
58. Optionally click an action button (Winking, Heart Pose, etc.) or write a prompt and click Apply to edit your avatar
59. Click Save Avatar Story to share it
